

ID Photo Guidelines

Any passport photo

A non-passport photo fitting the following requirements:

No group photos

The photo must be taken from directly in front (no side angles)

The photo must be in color

The photo must have a solid background

No sunglasses, hats, hoods, masks, that obscure your face

JPEG format, under 1 MB if possible

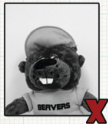

Don't worry about cropping your photo, we'll do that for you!

If your photo fails to meet one or more of these requirements, you will be notified and asked to resubmit the photo.

Good Examples!

Bad Examples!

Color Photos only, please!

Too bright!

Too dark, and shoulders should be visible.

Scans of your driver's license or passport often come out obscured or too blurry
